## CERTIFICATE OF FREE SALE

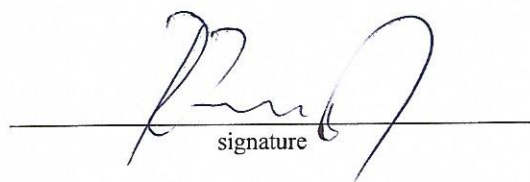

This is to certify that the company HUMAC s.r.o. (full address: Werferova 1, 040 01 Košice - Juh, SLOVAKIA), feed business reg. number: SK100900 is producing the feed material: Organic mineral with high humic acid content, under the trade name HUMAC® Natur AFM Monogastric. This product may be placed on the market without restrictions.

The European Commission authorized Organic mineral with high humic acid content in animal nutrition as a product originating from natural humification of plant material. Humic acid content is higher than 40% (m/m)  
(see: <http://www.feedmaterialsregister.eu/>).

HUMAC® Natur AFM Monogastric is intended to be used for monogastric animals.

The manufacturer declares these parameters:

Substance	content
Humic acid content in the dry matter	Min. 60%
Moisture	Max. 15%
Particle size	Up to 100 µm
